

COVID 19 Update

As we all know the Covid-19 Virus has been changing our day to day lives in different ways. We wanted to take a moment to update you on the new changes that are in effect here at Mercer Equipment.

At this time, we would like to announce that our south end location at 431 Bayview Dr has been re-opened. The hours of operation are 8am-5pm Monday – Friday. Our north end location, while still running with a skeleton staff, has resumed our regular business hours.

As per the new regulations set out by the Simcoe Muskoka District Health Unit, as of **Monday July 13th, 2020, ALL members of the public that enter our premise are required to wear a face mask.**

The continued health of our customers and staff remains our utmost priority. We are currently working on installing plexiglass at our counters and have increased sanitary measures. We ask that if you are feeling unwell/ have any flu/cold symptoms that you remain home and place your order over the phone or via email for pickup once you have regained your health.

If you are unable to get thru on your first try please leave a message and we will return the call as soon as possible. As mentioned, we are running on minimal staff to minimize contact and may at times be overwhelmed with calls. We thank you for your continued support through this difficult time.
